Contractor Affidavit Permit Extension

I, _____, General Contractor of record for the permit referenced above, would like to request an extension of the Building Permit due to the present market and economic situation. I am aware that, on March 1, 2009, the new 2007 Florida Building Code will be in effect, and at that time all plans previously approved under the 2004 Florida Building Code, which permits are not active, will become Null and Void and the plans will have to be revised for compliance with the new Code before the permits can be reinstated and become active again.
